

Executive Peer Forums

Few venues exist for executive peers to interact in thoughtful and confidential settings. While most people confirm that the value of professional gatherings comes from the relationships developed beyond the agenda, few sessions are designed to maximize the opportunity of connection among peers. We pick a beautiful outdoor setting devoid of distractions to connect and learn from professional peers facing similar challenges and opportunities. Relationships are forged as we generate an uncommonly valuable learning community.

Uncommonly Valuable

WHAT WILL YOU LEARN?

You will learn how your peers approach challenges and opportunities within the HR Executive role.

- Confidential forum
- Focus on your specific challenge/opportunity
- Build a trusting network of professional peers
